

URBN Athletics Program Architecture and Offer Ladder

Purpose: Source-of-truth program structure for marketing, sales, onboarding, and creative handoff. **Last updated:** 2026-05-30 **Brand rule:** Use URBN Athletics as the public brand. Use Urban Strong Fitness only as origin-story context.

1. Program Ladder

URBN Athletics should present its offers as a clear ladder:

1. **FIT45** - low-barrier beginner hook program
2. **On-Ramp / Foundation Course** - required bridge into URBN FIT or URBN HYBRID
3. **URBN FIT** - main coached group class
4. **URBN HYBRID** - endurance and strength program for fitness racing / HYROX-style preparation
5. **Personal Training** - premium one-on-one coaching
6. **Small Group Training** - semi-private coaching for 2-4 people

The public-facing logic:

> Start where you are. Build your foundation. Move into the right class.
